# Committee Holds State Personnel System Bill

By VIRGIL FALLOON
Star Staff Writer

A legislative bill creating a state personnel system was held for further study Wednesday by the Legislature's Budget Committee following a hearing at which it received general support.

**LB815 drew none of the controversy and opposition of its predecessor of two years ago. It was introduced by the Budget Committee.**

Chairman Richard D. Marvel said the bill "is an attempt to set up a stabilized personnel system, eliminating pay differences between departments and establishing uniformity in job classifications and staffing patterns."

"It is not the bill's intent to create a super-agency for personnel, but to coordinate the present personnel work between departments and agencies," he said.

**Tiemann Supports**

Administrative Services Director Robert Rogers said the bill has the support of Gov. Norbert T. Tiemann.

He said the personnel measure would aid in budget planning, better staffing patterns, eliminate salary differences between agencies, reduce raiding of employes by one agency from another, and create a personnel board for employe grievances.

**Earl Luff of the National Association of Commerce and Industry said in support of the bill, "No private employer the size of state government would attempt to operate without a personnel system."**

University of Nebraska Vice Chancellor Joseph Soshnik said the university "concurs with the spirit of the legislation," but suggested some of the mechanics of the bill needed changing.

Marvel said personnel officers of the major state agencies would be invited to a later workshop session for amendments to the bill.

**Uniformity Favored**

"We favor uniformity of a centralized personnel system, but with de-centralization where efficiency is to be gain," Soshnik added.

Other support came from the State Highway Department, State Budget Officer Dick Becker, and Stan Hawley of the State Education Department.

A Nebraska Bar Association spokesman urged that the State Supreme Court's clerk and other personnel be excluded from the bill because of constitutional conflicts, and also the Workmen's Compensation Court.

**In other action, the committee advanced LB464 that would extend the time in which the governor must submit a budget to the Legislature from the 15th to the 30th legislative day.**

It would also eliminate the delivery of two budgets to the Legislature when there is a change of governors.

Also advanced was LB420, ameding statutory provisions for retirement systems in the Omaha school district.

## Young Democrat Knocks Tiemann

Karen Muenster, national committeewoman for the Nebraska Young Democrats, was highly critical of Gov. Norbert Tiemann's "irresponsible and disrespectful exercise in name calling on his return from Washington."

Mrs. Muenster, referring to Gov. Tiemann's calling Sens. Robert Kennedy and William Fulbright 'pink doves," said, "Certainly Americans have many different attitudes toward the fighting in Vietnam . . . but to carelessly label two respected senators with the slanderous implication that they are pink is highly inappropriate.

"To young Nebraskans who have recently become interested in politics, it is disappointing to hear our governor using a smear word that should have disappeared with McCarthyism," the YD committeewoman charged.

# Omaha, MUD Officials Collide

Officials of the City of Omaha and the Metropolitan Utilities District collided at a legislative hearing Wednesday on a bill that would hike the dstrict's in-lieu-of-tax payments to the city.

**Omaha Mayor A. V. Sorensen said the bill, LB425, would require the district to pay its "fair share" to support the costs of municipal government.**

R. H. Trester, general manager of MUD, said the district already pays its fair share and he suggested that an increase in the payment to the city would require a gas rate hike.

The Revenue Committee deferred action on the bill following a lengthy public hearing.

**The measure would require that MUD pay the city each year the equivalent of 4½% of MUD's annual gross revenue derived from retail gas sales, in place of the $250,000 payment now required.**

MUD officials told the committee the bill thus would boost by $750,000 MUD's annual payment, while Omaha officials placed the increase at about $897,000.

Sorensen charged that MUD has used "fear tactics" to scare Omahns into believing that the bill would force rate hikes when in fact the extra in-lieu-of-tax payments could be easily absorbed by the district.

"No other citizen, no business, no utility, no one in the state of Nebraska, to my knowledge, enjoys the tax shelter that MUD enjoys today," he said.

MUD Director Frank Frost of Omaha said the district has been operated successfully while the city has been faced with one administrative problem after another.

"The MUD has been doing a good job attending to the business of the public, and why don't they let us alone? he asked. "The principle of permitting one public division that has had good management and made a success to be raided by another public body that has not had good judgment is wrong . . ."

**Scotts Bluff Sen. Terry Carpenter, sole sponsor of the controversial bill, conceded that the debate centered on a sort of "family" feud, and he called for a compromise.**

He suggested that the bill be amended to provide that MUD hike its annual payment to the city to $600,000 as soon as the city increases its sewer use fee from 70 cents to $1.50.

The legislative committee also heard testimony but deferred action on LB784, cutting in half the payment in lieu of intangible taxes on installment lenders and persons licensed to purchase installment paper, and LB488, requiring telegraph, telephone and pipe lines firms to file annual statements and providing for assessment by the tax commissioner.

## ADC MEASURE MOVES

A bill repealing the requirement that counties pay certain aid to dependent children (ADC) costs won the 5-1 approval of the Legislature's Judiciary Committee Wednesday.

The measure, LB609, brushed off a kill attempt on a 2-4 vote before being sent to the legislative floor.

The chief introducer of the bill, Lincoln Sen. Roland Luedtke, said LB609 would require state government to spend an additional $104,000 each biennium for the ADC program.

County governments now provide that amount to match some $216,000 in federal funds for ADC payments to children whose parents are unemployed.

Luedtke said the remainder of the ADC program, which totals $6 million annually, is financed by federal and state funds, and ADC payments to children of unemployed parents should be the same.

Also advanced by the committee, on a 6-0 vote, was Omaha Sen. Richard F. Proud's LB755, which would permit trade, occupational and professional associations to provide group life insurance programs for their members.

## New Lights Will Go On Train Cabs

Cabs of Burlington and Union Pacific railroad locomotives operating in Nebraska will soon be topped by revolving lights in an experimental effort to reduce grade crossing accidents.

**E. R. Miller of Omaha, lobbyist representing railroads operating in Nebraska, gave the word Wednesday to the Legislature's Public Works Committee while appearing in opposition to a legislative bill, LB786, which would require all railroad cars operating in the state to carry reflectorized material to facilitate their being seen at night.**

The committee deferred disposition of the bill, LB786, but Chairman Sen. C. W. Holmquist of Oakland said the committee, in lieu of reporting out the bill, would consider sponsoring a resolution calling upon Congress for federal legislation.

Miller said the revolving lights are being installed on 150 Union Pacific locomotives, and that the Burlington railroad is installing the lights on locomotives operative in Nebraska.

Miller said the state-level regulation proposed in Plymouth Sen. Arnold Ruhnke's LB786 "is just unthinkable."

**Railroads are required by federal law to interchange cars, which means any one of the two million pieces of rolling stock in use in North America could at any time be destined for Nebraska. Lack-in the reflectorizing, such cars would have to stop at gateways into Nebraska and the materials would have to be transferred to reflectorzed cars, or traffic would be diverted around Nebraska.**

The measure drew support from engineer Robert Meyer of the State Department of Roads and others. Meyer said a train on tracks blocking a crossing at night represents "an unlighted barricade."

But Miller cited statistics to indicate that most grade crossing accidents occur during daytime hours and only a limited number of the night time mishaps involve autos striking trains.

### Resignation Sought

San Juan, P.R. (UPI)—A petition signed by almost 1,000 Puerto Rican women demanded that Gov. Roberto Sanchex Vilella resign because of his marital troubles.

# Highway Fund Restrictions Lifted; State To Begin Work

Federal action Wednesday removing restrictions on the use of $175 million in federal highway funds by the states will enable Nebraska's Department of Roads to begin projects in August which otherwise would have been held up until October, State Engineer John Hossack reported Wednesday night.

The Bureau of Public Roads announced in Washington it was lifting a requirement that the $175 million made available to the states last month could be used only for right-of-way and engineering work in anticipation of later construction.

**Hossack said the effect in Nebraska will be that projects can be let "a little sooner than they would have been otherwise." About one-half of the money will go for interstate highway construction, he said.**

The federal bureau had not placed restrictions on an additional $350 million previously frozen highway funds made available to the states last weekend.

Nebraska's share of the $175 million released earlier is $1,373,000. The state's share of the more recently-released $350 million is $2,746,000.

"They still have not given us back all that we had coming but we are beginning to get parts of it back," said Hossack.

**He said the new fund release, bringing the total of recently-released federal funds to $525 million, represents a "healthy sign" and predicted that the Nebraska highway construction program "will get back to normal" later in the year.**

The $525 million is part of the $1.1 billion cutback in the federal highway program which took effect last Thanksgiving as part of the government's anti-inflation program.

Secretary of Transportation Alan S. Boyd indicated last weekend that the remaining funds will be made available after July 1.

**Officials have said release of the money is now feasible because the economy is able to absorb it without disruption. They have denied it is part of a pump-priming operation to simulate a sluggish national economy.**

Release of the funds means that states can award contracts worth an additional $525 million in federal money. Actual payment of the money won't come until later. The current action represents a commitment by the federal government to pay at a later date.

## Tiemann Gives G.I. Group $1 Bill Autographed By LBJ

Gov. Norbert T. Tiemann presented Wednesday a one-dollar bill autographed by President Lyndon Johnson to a five-member Grand Island delegation promoting the state's centennial celebration.

The governor said the dollar represents the President's payment for one-square-inch of land in Grand Island.

It was sold by Grand Island business leaders to call attention to the Hall County Centennial celebration and raise funds for development of the multi-million dollar Stuhr Pioneer Museum south of the city. The museum is scheduled to open in mid-June.

The first square-inch parcel went to the President, and the second to Gov. Tiemann. The autographed dollars will be displayed at the museum.

The other 49 governors will be asked to participate.

Tiemann said President Johnson, during their visit last weekend, expressed interest in coming to Nebraska during the Centennial celebration.

## $21,964 Grant For Head Start

Washington (AP) — The Office of Economic Opportunity announced award of 65 grants for eight-week summer Head Start programs for 8,727 children from low-income families. The program is intended to prepare the children for school.

Nebraska was granted $21,964 intended for a program involving 100 children.

## ADC Discussion Set For Sunday

A discussion of Aid to Dependent Children (ADC) will be conducted Sunday, April 2, at 4 p.m. in the First Plymouth Congregational Church, Don Chenoweth, chairman of the church's Social Action Committee announced.

The meeting, open to the public, is "urgent," Chenoweth said, because the Legislature will hear LB563, a bill affecting ADC, on April 18.

# '$10 Million Would Cure Hospitals'

**"I don't think we have any hospital problems that $10 million in federal funds wouldn't cure."**

That was State Medical Facilities Director Verne A. Pangborn's assessment Wednesday of what he conceded is growing dissatisfaction with the federal Hill-Burton program in Nebraska.

**He said the discontent stems from lack of dollars in the federal aid program rather than from the manner in which it is administered.**

He said more communities should consider financing their projects without federal assistance.

"The basic ground rules haven't changed since the program was established more than 20 years ago," Pangborn said, "but now there is a greater shortage of funds.

**"We used to be able to satisfy most applicants, and leave just a few people disappointed. Now we're only able to satisfy a few, and most people are disappointed."**

The Hill-Burton Program supplies federal aid for construction of various types of medical facilities. Nebraska annually receives about $2 million in Hill-Burton money, about half of which can be spent on hospitals and public health centers.

"The amount of Hill-Burton money for Nebraska has remained relatively static over the past few years while the demand for the money has increased tremendously," said Pangborn

**"Requests for Hill-Burton funds are now three times as great as the available aid, and we have a 10 to 12 year backlog of projects."**

Sponsors of a Plainview Hospital project told the State Board of Health Monday their project was unfairly passed up in this year's distribution of Hill-Burton aid. Spokesmen for a number of other projects have also voiced complaints.

Because Nebraska's Hill-Burton allotment probably will not increase substantially in the near future, Pangborn said, more and more communities are planning to commence projects without federal aid.

**He said officials in Cozad, Gothenburg, Ogallala, Benkelman, Superior and Rushville are among those who have started projects or are thinking about starting projects without Hill-Burton money.**

Pangborn said the State Medical Facilities Advisory Council will meet Monday in Lincoln to discuss possible changes in the state Hill-Burton plan.

# Parking Bill For Lincoln Is Advanced

Legislation authorizing Lincoln to pledge parking meter revenue to secure revenue bonds for the construction of city-owned off-street parking facilities Wednesday gained 7-0 approval of the Urban Affairs Committee.

**The bill, LB579, sponsored by Sen. Fern Hubbard Orme of Lincoln, is needed if the city is to meet the need for additional parking downtown and in outlying shopping areas, Mayor Dean Petersen told the committee.**

City Attorney Ralph Nelson said the city now has less than 2,700 on-street parking spaces in downtown Lincoln, compared to about 4,000 in 1951.

There are some 6,300 off-street parking spaces downtown, and the city will need at least 2,000 more by 1985, Nelson said.

**Support for the bill was voiced by the Lincoln Center Development Association, and the Chamber of Commerce.**

Only through the use of a public body can sufficient off-street parking facilities be provided economically, LCDA spokesman Robert Guensel said.

Current needs cannot be adequately met by private enterprise, he said.

Opposition was expressed by two Lincoln citizens, Leo Bartunek and Walter Vallis.

**Protesting increased taxation and public spending, Bartunek suggested that "things have been getting worse, rather than better, in Lincoln."**

In other action, the committee advanced on a 7-0 vote an amended version of LB778, a bill sought by the Lincoln City Council to bring the Lincoln Housing Authority under its control.

The bill affects all cities except Omaha.

**In its amended form, it provides that a housing authority must make an annual fiscal report to the local governing body which created it and submit to that body for approval each housing project which it seeks to undertake.**

Heard and advanced on unanimous votes:

—LB734, extending from five to 40 years the period for which Omaha may contract for use of electric energy on its streets and public places.

—LB604, permitting first class cities to form a paving district on streets bisected lengthwise by city boundaries, with rights of protest secured for abutting landowners living outside the city.

## Committee OKs Tiemann's Picks

The Legislature's Committee on Committees Wednesday recommended State Engineer John Hossack and Safety Patrol Chief Dan J. Casey be confirmed as appointments by Gov. Norbert T. Tiemann.

The committee delayed its action on the two pending further questioning about their work.

Committee Chairman Eric Rasmussen of Fairmont said all queries were answered and the recommendation was unanimous.

## Reporters Jailed

Little Rock, Ark. (UPI)—A judge sent two reporters to jail for refusing to answer questions before a grand jury investigating a reported attempt to bribe a state legislator.

## something for the party

A party hors d'oeuvre that's as festive looking as it is to taste can be prepared simply with a mixture of luscious chicken spread, minced radish, cream cheese, crackers and soy sauce. It can be garnished with colorful "stripes" of minced radish by wrapping narrow strips of foil around it, rolling it in the remaining radish, chilling it and finally removing the foil.

If you are entertaining this spring, you'll find this gaily garnished chicken roll —served with your favorite crackers—the hit of the canape party.

SPARKLY CHICKEN ROLL

1 4¾-oz. can Chicken Spread
⅔ cup minced radishes
1 3-oz. pkg. cream cheese
¼ cup crushed salt crackers
½ tsp. soy sauce

Combine ingredients, chill for about 1 hour, form into 6-inch roll. To garnish, wrap roll diagonally with narrow strips of foil to make "Stripes." Roll in additional minced radishes. Chill again, remove foil and serve with assorted crackers. Makes about 1½ cups spread.

## Goodies For Breakfast

2 packages refrigerated biscuits
⅓ cup melted butter or margarine
⅓ cup sugar
1 teaspoon ground cinnamon

Roll each unbaked biscuit into ball. Dip in melted butter and then into sugar mixed with cinnamon. Place three in each buttered muffin cup. Bake in preheated oven (425° F.) 15 minutes or until browned.

YIELD: 8 servings.

## no cause for anger

*Abigail Van Buren*

DEAR ABBY: Please print this for all patrolmen to see. One evening I was driving my own car and my boyfriend was sitting beside me.

A patrolman came alongside me and signaled for me to pull over, which I did. I had been exceeding the speed limit slightly, but that didn't bother me. What did was this: The patrolman looked at my driver's license, then he looked at me and said, "Is this YOURS?"

I assured him that it was and asked why he questioned it. He said, "You sure don't LOOK 46 years old," Abby. I wanted to hit him. I can easily pass for early thirties, and sometimes do. Needless to say, I was humiliated, embarrassed, and annoyed.

OLDER THAN I LOOK

**DEAR OLDER: No wonder the police are discouraged. Here a cop compliments you — and you get sore. The cops can't win!**

☆ ☆ ☆

DEAR ABBY: My husband and I were going over our guest list for a series of dinner parties we will be giving this winter. I have several widow friends. My husband said, "Please don't ask any widows for it is too tiring and worrisome having to carry them home afterwards."

Even tho they are financially able to take a taxi, they feel that as long as we have a car and both my husband and I drive we should give them chauffeur service home.

Please tell widows that they would get more invitations if they wouldn't expect so much.

DAYTON

**DEAR DAYTON: If YOUR widow friends expect "too much" it's up to you to straighten them out, but please don't generalize. Most widows are so tickled to get a dinner invitation they are delighted to provide their own transportation.**

Mrs. Norman Walt, Jr.

# THE TALK around the town

A week or two ago we mentioned that on some lucky morning we would have exciting news about the attractive dark-haired girl who does the TV commercials for Winston cigarettes (remember the cute thing singing along with the trumpet player) and a former Lincoln man.

Well, this is the lucky morning.

The young lady who is much in demand for numerous TV commercials is Miss Carole Howey, daughter of the vice-president of the industrial equipment division of American Machine and Foundry, Edward J. Howey and Mrs. Howey of York, Pa. The former Lincoln man is Norman E. Walt, Jr., son of Mr. and Mrs. Norman E. Walt of Lincoln, now vice-president of the Columbia Broadcasting System, Inc.

The wedding took place on Friday, Feb. 17, at the Little Church of the West in Las Vegas, Nev.

Mr. Walt, a Sigma Alpha Epsilon at the University of Nebraska and a graduate of the University of Missouri, and his bride are, of course, residing in New York.

* * *

We have guests to talk about this morning, also — In town for the past few days have been Mr. and Mrs. W. L. Porter of Smoke Rise, N.J., and their son-in-law and daughter, A1c. and Mrs. Douglas Haldarson Scott of Ft. Collins, Colo.

The visiting foursome came to visit Mrs. Porter's parents, Mr. and Mrs. Jean R. Kinder, and on Tuesday there was more or less of a family farewell party at the home of Mr. and Mrs. Kinder. Airman Scott took off for a tour of duty in Vietnam.

Mr. and Mrs. Porter will leave today to return to New York where they will spend a week before leaving for Seattle from where they will depart for the Orient—and then an around-the-world trip.

Mrs. Scott will remain in Lincoln with Mr. and Mrs. Kinder until her parents return from abroad.

* * *

And from Wilmington, Del. this morning comes news of a brand new Phi Delta Theta legacy. He is Randall Plaisted Ayers, Jr., and he arrived on Monday, March 13. The young man's parents are Mr. and Mrs. Randall P. Ayers, and his mother is the former Pat Loder, daughter of Mr. and Mrs. Merle Loder of Laguna Beach, Calif., formerly of Lincoln. The paternal grandparents, also formerly of Lincoln, are Mr. and Mrs. Ralph Ayers of Westport, Conn. We might add that there also is a Kappa Kappa Gamma legacy in the family—young Randall's six year-old sister, Lisa.

* * *

Time is not hanging heavily on the hands of April brides-elect, according to our calendar.

One of them, Miss Suzanne Dort, whose marriage to Ronald M. Kirkland will be solemnized on April 20, will be complimented this evening when Mrs. P. E. Getscher, Mrs. Eugene Edwards and Mrs. Robert J. Phillips are hostesses at the home of Mrs. Getscher. The guest list will include friends of the bride-elect's mother, Mrs. Douglas Dort, and feminine members of the family.

# Park Valley Bethany Park Heights in the suburban areas

Hiding and searching for gayly colored Easter eggs will be almost as popular a sport this Sunday afternoon as eating them. With the new Easter bonnets and tiny white gloves abandoned for more practical "hunting gear," youngsters will be out in full force to find their quota.

Having almost as much fun will be the spectators, parents and family friends, who will join in the excitement and enjoyment of a Sunday afternoon together.

Making sure that his furry white friend with the basket of goodies knows of his recent arrival in Prairie Valley will be young Scottie Pfeifer, who is spending the holiday with his grandparents, Mr. and Mrs. Gene Van Winkle.

Scottie arrived in Lincoln with his grandmother on March 16 after Mrs. Van Winkle had spent a week at his home in Sioux Falls, S.D. where she visited with his parents, Mr. and Mrs. Erv Pfeifer, and his brothers Todd, six, and Trey, three.

Leaving Prairie Valley for an early spring vacation will be Dr. and Mrs. George Stone, who will take advantage of Dr. Stone's spring break from Union College, where he is head of the department of education, for a conference and some visiting in Minnesota.

Friends in Glencoe, Minn. will be the Stones' hosts when they arrive for a stay at the home of Mr. and Mrs. Paul Sankhanel next Tuesday. On to the educational board meeting in Minneapolis, where the Stones will conclude their stay on Friday, and return to Lincoln in time for classes on Monday.

Christenings took the spotlight in Bethany Park Heights last Sunday, as two of its youngest residents were christened.

Young Cory McAuley, Bree had the special treat of his grandparents' visit when he was christened at First Methodist Church. Arriving in Lincoln from Laramie, Wyo., to attend the special service for their grandson were Mr. and Mrs. W. S. McAuley, Mrs. Bree's parents. In addition to the proud grandparents, Cory marked the day with his parents, Mr. and Mrs. Dale Bree, his brother, John, five, and sister, Linda, four . . .

The event in the George Manglitz home last Sunday was the christening of the youngest Manglitz, Joel David. In attendance at the service at Trinity United Church of Christ, and at the Sunday dinner following were Joel's grandparents, Mr. and Mrs. Harry G. Welsch of Milford; his greataunt, Mrs. Lillian West of Lincoln, the Rev. and Mrs. Miland Hamilton, and their children Leslie and Robin, and a family friend, Miss Gertrude Ulrich, as well as his older brothers and sisters Ruth Ann, 12, Harry, 10, Paul, 5, and Mary Margaret, 3.

Spending an early Easter vacation with her family this week is Miss Corrine Merrill, who returned to Bethany Park Heights last Thursday to be with her parents, Mr. and Mrs. Russell Merrill, for the spring class break from Southern Methodist University where she is a freshman.

Corrine yesterday welcomed some classmates who will return to Texas with her on Sunday. Delta Zeta sorority sisters, Miss Diane Rankin of Shenandoah, Iowa, and Miss Amy Leftwich of Dallas, Tex. arrived yesterday afternoon for a weekend stay in the Merrill home.

# NREA ladies attend state meeting

Admiring the beauty and musical talent of Miss Nebraska Centennial Wednesday were wives of the Nebraska Rural Electric Association members meeting in Lincoln this week for their annual conference.

Miss Nancy Griffin of Atkinson, Nebraska's Centennial "Golden Girl," was a luncheon guest of the group and presented a short program of organ music. Standing (from the left) are Mrs. John Clema of Lincoln, general manager of the association; Mrs. Leland Kitt of Palisade, whose husband is state association president; and Mrs. Harold Hackbart, Milford, state chairman of the ladies auxiliary.

Wednesday afternoon, a demonstration program on painting was presented for the wives by Miss Inga Chase of Plainview. The group's annual business meeting will be held Thursday morning.

## nine questions in bidding quiz

*B. Jay Becker*

BIDDING QUIZ

| | | |
|---|---|---|
| 1. | North 1♥ ? | South 3♥ |
| 2. | North 1♦ 3♠ | South 1♠ ? |
| 3. | North 1♥ 2♣ | South 1♠ ? |
| 4. | North Pass 2♣ | South 1♠ ? |
| 5. | North 1♥ 3♥ | South 1 NT ? |
| 6. | North 3♦ ? | South 3♠ |
| 7. | North 1♣ 2♣ ? | South 1♥ 2♦ |
| 8. | North 1♦ 2 NT | South 1♠ ? |
| 9. | North 1♦ ? | South 3♥ |

Below are nine different bidding sequences. Where the question mark appears in each sequence, state whether you think partner's last bid is forcing (compelling you to bid again), or non-forcing (permitting you to pass). By a forcing bid is meant one which cannot be passed regardless of what kind of hand you have. If partner's last bid urges you to bid again without compelling you to bid again, treat such a bid as non-forcing.

1. Forcing. A jump bid by responder is forcing to game.

2. Not forcing. If South has barely the values for the one spade bid, he may pass.

3. Not forcing. North may have minimum values for an opening bid, and South may also have minimum values for his response. South may pass.

4. Not forcing. Ordinarily, responder's naming of a new suit is a forcing bid, but when a player passes originally, the change-of-suit principle no longer applies.

5. Not forcing. South is being urged to go on, but he may pass with 6 or 7 points instead of the 8 or 9 he might have had for the no-trump response. The no-trump bid announced 6 to 9 points.

6. Forcing. The mention of a new suit by responder is forcing, even opposite a preemptive bid.

7. Forcing. Just as the heart response is forcing, so is the second new suit named by responder. North may be tempted to pass with minimum values.

8. Not forcing. A jump rebid by the opener is not forcing.

9. Not forcing. South indicates a hand with which he might have made a preemptive bid of three hearts had he been the dealer.

# Big Power Line Will Be Built

## . . . CALLAN BELIEVES

Clair Callan said Tuesday he believes the proposed high-voltage federal transmission line for Nebraska will be constructed whether Nebraska power agencies resolve their long-standing disputes or not.

Callan, former Nebraska congressman, is deputy administrator of the Rural Electrification Administration.

**The U.S. Bureau of Reclamation, which is slated to construct the power line, would "prefer some agreements" among Nebraska agencies, Callan said, "but even without them, I believe the line will come in."**

Approximately $10 million has been requested in the President's budget for fiscal 1968 for the first phase of construction, Callan noted.

**Schedule Told**

If planning moves along as scheduled and Congress appropriates the funds, construction could begin this fall, he said.

The 345-kilovolt transmission facility would be built from Fort Thompson, S.D., into the Grand Island area and could bring into Nebraska additional power from the USBR and other sources in the Dakotas.

**Nebraska needs the additional power supply, Callan said, and budgetary requests "should clearly indicate that the President and the USBR are not going to turn their backs on Nebraska's power problems."**

Callan said that construction of the line, coupled with a Nebraska Power Review Board decision on construction of future generation facilities in the state, "should go a long way in taking care of Nebraska's immediate power supply problem."

The Legislature, he suggested, "should give high priority to the whole problem of power supply in Nebraska" once it has finished its work on tax legislation.

**Big Stake**

"Rural Nebraska and urban Nebraska have a huge stake in power supply and power rates," Callan said.

"I can't think of any resource that is more vital to this state's development."

Callan was in Lincoln to address the annual meeting of the Nebraska Rural Electric Assn.

**In a noon address, he suggested that Nebraskans should be as concerned about power rates as they are about tax rates.**

The average Nebraskan would realize a greater dollar savings from a one-mill power rate reduction than from an equal cut in either real estate taxes or income taxes, he said.

One step in strengthening state power systems would be approval of supplemental financing legislation for rural electric systems now pending in Congress, Callan declared.

# Terry Sees Tiemann As Greatest Governor

By Associated Press

Sen. Terry Carpenter says he thinks Gov. Norbert T. Tiemann will wind up as the greatest governor in Nebraska history.

**"As long as he does what he says he's going to do — and I think he's stuck with it —he's either going to be the greatest governor this state ever had — or the greatest bust," said the fiery Scottsbluff lawmaker.**

"I think he's going to be the greatest governor.

"When this thing washes out, he's going to be a man.

"He's tall physically. And at the present time, he's big politically."

Carpenter aired his views on a televised interview program.

The senator, who has been both a Republican and a Democrat in his day, said the Republican chief executive is the only governor "in my experience in the last 20 years" who has a program.

**"He comes to the Legislature," said Carpenter. "He says, this is my bill. This is my program. Pass it and I'll take the responsibility for it. It has never happened before.**

"And what happens to Mr. Tiemann? He is cut to pieces by his own party. Why? Because they say 'governor, we didn't think you meant what you said in your campaign.' None of the rest ever did but he did. I'm for him."

**In and Out**

Referring to his own political complexion, Carpenter said he is an "in and outer." He said he cares not to which party the governor belongs. "As long as he's doing what he's doing now, he can almost count on me for anything — almost."

Carpenter said he opposes a partisan Legislature in part because he couldn't win primary election nomination if a party solidified against him.

**But Carpenter said a partisan Legislature, were he able to win election to it, would be "a green field for me. That's where I'd really stack the hay."**

"This nonpartisan Legislature is on trial," he said. "We're going to determine in this session whether we're willing to follow a man irrespective of party who has a program. If we don't do it to the extent necessary, then I think the people ought to consider having partisan legislature."

# Norfolk OK's Relocation Of Highway

Norfolk (UPI) — The city council here has approved an agreement with the State Highway Department for relocating U.S. 275 east of the city as part of the Northfork River bypass channel flood control project.

**Under the agreement, calling for a total expenditure of $583,100, a four-lane, 268-foot concrete and steel bridge would be erected over the diversion channel which will be part of the second phase of the flood control plan.**

A four-lane, divided highway would extend from Chestnut St. to the new intersection of Highways 275 and 35. This intersection would be one mile east of First St. and the relocated Highway 275 would then run one-half mile south to meet its present course.

The new bridge would be located across the channel which will approximately cross the present Highway 275 and 35 intersection northeast of the Elks Club.

**The state-city agreement calls for the state to pay $315,000 of the cost of the highway relocation and bridge and the city to pay $268,100.**

City engineer Don Hyde said the Highway Department will do the design work and supervise construction of the new bridge and he doesn't expect bid letting on the project before the first part of 1968.

# State Senators Reveal Easter Recess Plans

By ODELL HANSON
Associated Press Writer

Nebraska legislators, obviously delighted at the respite from lawmaking duties, embarked Wednesday on their first significant vacation since the 77th lawmaking session began 11 weeks ago.

**"I'm going to work in my garden," promised Sen. Stanley Matzke of Milford. "I'm going to get some good old dirt under my fingernails and feel at home again."**

Other senators had other plans for work or relaxation, but most echoed the thought of Sen. Sam Klaver of Omaha, who said he is "happy to get a few days off."

Sen. George Gerdes, who operates a 4,000 acre spread northeast of Alliance, said "I'll be at the ranch, getting the fence crews out and summer range into operation."

Sen. Leslie Robinson said he would also be getting back to his farm three miles west of Kearney to do some "relaxing in a pair of overalls."

Farm work was in prospect for Sen. William Wylie of Elgin, while Sen. Arnold Ruhnke of Plymouth planned to use the period to do the family butchery, traditional around this time of year. Out of the project will come a supply of summer sausage, pork and liver sausage for family consumption.

**Senators are due back on the lawmaking job Tuesday morning after a five-day break.**

Sen. S. H. Brauer Sr., Norfolk surgeon, said he had a schedule of surgical operations which would occupy him during the first three days of the "vacation."

Sen. George Syas of Omaha said he would get in three days—Thursday, Friday and Monday—at his non-legislative job at the Union Pacific Railraod Shops in Omaha.

At least two of the senators, Roland Luedtke of Lincoln and Richard Ely of Guide Rock, hoped to get their income tax returns prepared during the period.

Sen. Claire Holmquist of Oakland, whose business enterprises include grain elevators, feed mills, lumber yards and service stations at 14 locations from Blair to Bloomfield, said he would be busy getting ready to close out his firm's fiscal year on March 31.

**Sen. Harold D. Simpson of Lincoln planned to get away to Shelby County, Iowa, for a couple of days to visit his mother and other relatives, while Omaha Sen. Richard Proud planned a similar pilgrimage to his old home town of Arapahoe.**

Sen. Lester Harsh has "a few cattle to brand and some fertilizer to put on" at his farm near Bartley. And Sen. C. F. (Pat) Moulton of Omaha, while eying a schedule of civic, social and family engagements in Omaha, said he had a very large yard in need of attention.

# Bill Allowing School Boards For Junior Colleges Passed

By United Press International

State lawmakers gave final legislative approval Wednesday to a measure permitting the creation of public junior college boards of education.

The vote was 44-0. The bill (LB452) will become law with the governor's approval.

**Under present law, public junior colleges in the state are governed by local school district boards. This has developed some administrative problems.**

Nebraska currently has junior colleges at Scottsbluff, Norfolk, Fairbury, McCook and North Platte. Plans are under way for a school at Grand Island.

The legislation was sponsored by Sens. Donald Elrod of Grand Island, Leslie Robinson of Kearney, Maurice A. Kremer of Aurora, C. F. (Pat) Moulton of Omaha, William F. Swanson of Lincoln and Terry Carpenter of Scottsbluff.

It was one of five bills passed by senators before adjourning for a five-day Easter break. The others, E-denotes emergency clause:

LB180 (Kjar, R. Rasmussen, Proud)—Permitting first class cities to include engineer's estimate when advertising for bids. (42-0) (E).

LB223 (Kjar, Hasebroock) — Permitting second class cities and villages to include engineer's estimate when advertising for bids. (43-0). (E).

LB247 (Ely)—Providing that marriage and divorce and annulment reports shall show education rather than occupation of persons involved. (43-0).

LB276 (Carstens, Swanson)—Variously revising law on re-examination and renewal of real estate licenses, and increasing broker's fee from $10 to $20 per year, and salesman's fee from $5 to $10 per year. Sen. Sam Klaver of Omaha cast the only objecting vote. (42-1).

## Thieves Cart Cadillacs

Mount Clemens, Mich. (AP)—Thieves with expensive tastes stole four new Cadillacs from an auto showroom. Police theorized they used a haul-away truck to take away the four cars valued at more than $25,000.

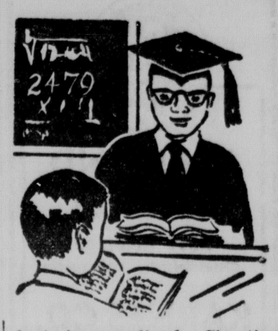
NASON ON EDUCATION:

# Schools Share Blame For Students' Cribbing

By DR. LESLIE J. NASON



"Twenty per cent of freshmen in a representative sampling at America's colleges and universities admit to cribbing on an examination in the past year."

That is the report of the American Council on Education, the principal co-ordinating agency for higher education in the nation.

**Thus, one-fifth of our most fortunate young people, privileged to receive college training, are willing to cheat to get by.**

While traits of character such as honesty can be nurtured or neglected in the home, parents should not be shouldered exclusively with the blame for this unfortunate situation. The colleges must also accept a share of the responsibility. They set up competition among students rather than rewarding learning for its own sake.

**Unreasonable Pressure**

Some professors grade their classes on a fixed curve under which the percentage of A's matches the percentage of failures. This grading has no relation to how well the course is taught or how diligently the student works. Under it, the student must struggle for his position in the class. This pressure can be unreasonably severe.

**It should be possible, with expert instruction and with careful selection of students which is already in vogue, for every student to earn a highly satisfactory grade. If the requirements of the course are made clear, and the student understands the manner in which these requirements can be met, he can achieve a satisfactory grade without cheating.**

It is the responsibility of college professors to protect the honest student in his endeavors. If important examinations are not monitored adequately, the honest student is penalized. Cheating thus is not only encouraged but rewarded.

**Difficult to Cheat**

Examinations can be devised which test the student's knowledge of the subject and at the same time make it difficult for the student to cheat. Examinations which demand trivial or large quantities of unimportant factual information encourage the use of crib notes and other dishonest practices.

**Parents should have set an example of honesty so that a student understands that anyone who gets by through cheating cannot take pride in his accomplishment.**

However, when a student enters college, the responsibility for the continuance of education in honesty shifts to that institution.

# Hemisphere Summit Area Is Almost Like LBJ Country

By WILLIAM HAMILTON

Punta del Este, Uruguay (UPI) — It doesn't have a little river out front, and folks around here speak friendly Spanish instead of drawled English.

**But otherwise President Johnson should feel right at home when he comes to Punta del Este for the April 12-14 summit meeting of American presidents.**

His advance men, most of them familiar with the President's Texas roots, have done him proud.

The White House away from home, situated on a hill overlooking Punta's "Playa Brava" Beach, could just as easily be sprawled alongside the Pedernales River in LBJ country.

**As He Likes It**

It's the sort of place Johnson likes ranch-styled, secluded and big enough to entertain on a large scale.

No official announcement has been made, and none is expected for security reasons, but a chalet named "Beaulieu" has been picked as the probable White House south of the border.

**A rambling white brick and gray rock building on a choice hill near the golf club, it offers seclusion, scenery and convenience. It is just a few blocks from the Hotel San Rafael Casino where the presidents will get together.**

Owned by Manuel Seleiki of Buenos Aires, a wealthy Argentine industrialist, the house is close enough to the beach that Johnson will hear the waves and feel the mist through his bedroom wndow by night, and will listen to gulls squawking by day.

The U.S. government reserved the split-level residence several weeks ago and is said to be paying $3,000 for its use during the conference.

**Ideal for Security**

From a security point of view it is ideal; atop a hill with trees and shrubs forming natural barriers, a circular driveway which allows cars to stop within yards of the entrance, and plenty of room between the house and its nearest neighbors.

**Pine trees in the yard shield the house still further.**

Pink and white hydrangeas surround the residence, and in the main garden zinnias and geraniums are in bloom.

There's even a cactus plant out front. and oleanders with a family of hummingbirds flitting around.

# Communications System Measure Sails Through Committee Hearing

A compromise bill designed to coordinate the communications systems of major Nebraska governmental agencies using such facilities enjoyed clear sailing at a public hearing before the Legislature's Public Works Committee Wednesday and was sent to the Unicameral floor unanimously.

The amended LB605 substitutes for an original LB605, and a conflicting proposal contained in LB822.

**Efforts of Gov. Norbert T. Tiemann's office brought about the compromise version melting all opposition to the previous bills.**

The compromise places the communications system under the Department of Administrative Services, utilizing a communications director who would be hired, and an advisory communications board containing representatives of state agencies chiefly involved.

Robert Barnett, counsel to the governor, told the committee Tiemann believes the accepted proposal would permit a "substantial step forward" for consolidation of communications systems in "a business-like manner."

**The original LB822, chiefly sponsored by Sen. Rick Budd, proposed the State Safety Patrol as the overseeing agency. Rising City Sen. Harold Stryker's LB605 would have had the system under the State's Civil Defense Agency.**

Sen. Stryker, who steered supporting testimony for the amended LB605, said he does not foresee "any great things happening the first two years," because the subject will require considerable study.

He proposed a $50,000 allocation for the first two years to establish the communications division within the Administrative Services Department. Major funding, however, would come from the budgets of the four chief participating agencies — the Department of Roads, Game Commission, State Safety Patrol and Civil Defense Agency.

**Budget requests of these four agencies for communications in the two year period total $1,246,970, Stryker noted.**

Also reported out unanimously was Scottsbluff Sen. Terry Carpenter's LB634, deleting provisions of law for the control and operation of electric plants by Omaha's Metropolitan Utilities District.

# Planning Board Backs Improvements Program

By BOB SCHREPF
Star Staff Writer

The City-County Planning Commission Wednesday gave general support to the 1967-73 preliminary Capital Improvements Program as prepared by the city departments, but repeated its recommendation of the past few years that the City Council take a new look at financing priority street needs.

In its resolution accepting the program, the commission recommended that the council submit a bond issue to the voters "to take care of our priority items in the street program."

**"We need a bond issue—if we wait for the gas tax, wheel tax, federal aid and all the other nickels and dimes that trickle into our coffers, Lincoln's street system will be shot to hell," declared chairman E. J. Faulkner.**

The commission for several years has appealed to the council to move seriously toward work on the Northeast Radial and has suggested a bond issue as method of financing the radial and other improvements.

Dept. Planning Director James Schroeder, taking a different view, said that consideration should be given to holding back segments of the A St., Vine St. and South St. improvements in order that "more effort be directed towards right-of-way acquisition and construction of the Northeast Radial and the Holdrege St. Bypass."

Initial work on the radial and bypass, plus the improvement of A St. from 9th to 31st and K and L from 9th to 16th are scheduled for the 1967-68 portion of the $51.4 million six-year Capital Improvements Program. All capital improvements slated for 1967-68 total $9.1 million.

Construction will begin this spring on the second phase Vine St. project from 25th to 36th.

"Just as the Comprehensive Plan must contain flexibility to adjust to unanticipated happenings, so should the proposed capital improvements program contain some flexibility," Schroeder said.

**He noted that the proposed expenditures for streets and highways "represent approximately 22% of the total for the coming year and almost 30% of the total program for the six-year period. The improvements constructed under this heading can be of vital importance in shaping the growth and development of the city."**

The preliminary program is now slated for review by Mayor Dean Petersen and his Capital Improvements Advisory Committee. Final recommendations will be made to the council during summer hearings of the 1967-68 city budget.

In other action, the Planning Commission recommended approval of Mayor Petersen's proposal to add P St. (eastbound) and Q St. (westbound) from 7th to 17th to the city's one-way street system. The Planning Department had also recommended approval.

**Final Action**

The commission recommendation paves the way for final council action Monday on a third reading ordinance which would implement P and Q as a one-way pair.

The ordinance faces amendments, however, ranging from extending P and Q as one-ways to 27th St. and adding M and N to the one-way system.

**The Lincoln Center Development Association, as it did before the council last Monday, supported the mayor's proposal.**

Gene Tice, representing the group, said that the association voted unanimously to back P and Q, but there is feeling that M and N should not be included until land use in certain downtown areas is decided.

—Change of zone from A-2 single family dwelling to G local business at 46th and Normal Blvd., requested by Randolph Horsley, deferred.

—Change of zone from G local business to G-1 planned commercial on the northeast corner of 56th and Highway 2, deferred.

—Special permit to construct an off-street parking lot on property south of O St., between 44th and 45th, requested by Stan Portsche, denied.

—Special permit or construction of entrance gates on property in Country Acres, located south of Old Cheney Road on 56th, requested by Thomas Ludwick, approved.

—Proposed amendment to the zoning ordinance which would permit electrical and plumbing contractors and certain other trades people to operate business offices in their homes, deferred.

—Proposed amendment to the zoning ordinance removing the limitation on the size of church bulletin boards, postponed because of a lack of five votes for approval.

—Proposed amendment to the zoning ordinance which would permit a sign to face toward a residential district provided the adjacent lot is a transitional lot or has received a special permit for non-residential use, approved.

# Regent Housing Policies Due NU Student Vote

By LUCILLE HUTCHINSON
Star Staff Writer

University of Nebraska students will vote on proposals to change controversial Board of Regents policies on student housing and discipline during balloting April 12 on a Bill of Rights to be added to the constitution of NU Associated Students.

However, if accepted by the students, the Bill of Rights must be approved by the Faculty Committee on Student Affairs and the Board of Regents before it can become official policy, according to Tom Briggs of Greeley, Colo., ASUN director of records.

**The Bill of Rights offers two choices on housing policy for the student voters: a declaration of the "right to choose their (students') own living environment" or the "right to an equitable role in formulation of housing policy which allows maximum individual choice."**

The possibility that the University may require certain students to live in NU dormitories and certain rules against single, undergraduate girls living off campus have attracted a great deal of student criticism recently.

However, the student affairs office has appointed an ad hoc student-faculty-administrative committee to study NU housing policies to make recommendations to the Board of Regents which are expected to be announced by April 3.

**The Bill of Rights also proposes that "students have the right to be free from University discipline asserted as a result of an action which is in violation of civil or criminal law providing the action does not concurrently violate University regulations."**

Regent policy, according to Vice Chancellor Dr. G. Robert Toss, "says that a student is subject to University concern and action" for violating local or state laws.

Expected to pass without much dissent, according to student spokesmen, is a provision that "students have the right to determine who shall have access to their academic or non-academic records."

A student now controls his records outside of University use, Ross pointed out.

**The provision of the "right to a clear and concise statement of contractural obligations before entering" NU also is already in effect, according to Ross, the dean of student affairs. Students sign a copy of the housing agreement and are furnished a copy of NU regulations once admitted, although the regulations may be requested earlier, he said.**

Some other provisions of the Bill of Rights—each will be voted on separately—include the right to form student employe unions, to participate in off-campus activities when not claiming to officially represent NU, to invite speakers, publish and broadcast without censorship, to maintain democratic government, and to free discussion, expression and inquiry within the classroom.

## 2,485 Lancaster Farms In Feed Grain Programs

A total of 2,485 farms, or 85% of the feed grain farms in Lancaster County, signed up to take part in the 1967 Feed Grain Programs according to Dale E. Nelson of Malcolm, chairman of the Lancaster County Agricultural Stabilization and Conservation Committee.

Estimated total diversion intended on the farms cooperating with the program is 46,220 acres or 21% of the corn-sorghum base, said Nelson.

The compliance with the wheat program totals 2,500 Lancaster County farms which represents 81% of the farms producing wheat in the county, Nelson said.

## To Compare Salaries

Washington (UPI) — President Johnson named an eight-member advisory committee to compare top federal salaries with those paid in private industry, universities and state and local governments.

# Student Use Of Hallucinating Drugs Possibly Lots Less Than Believed

Washington (AP) — The use of hallucinating drugs by American college students may not be anywhere nearly as widespread as many people appear to believe, a Brooklyn, N.Y., researcher reported Wednesday.

**Samuel Pealman, Ph. D., of Brooklyn College of the City University of New York said so in describing results of a survey of 2,270 seniors at his college as to whether they had used any kind of drugs during their undergraduate careers. He said it was the largest study of its kind yet conducted.**

Of the 1,245 students who responded, only 78—or 6.3% "admitted to drug use" at any time. Pearlman told the annual meeting of the American Orthopsychiatric Association. And, more than half of them said they had already given up such use at the time of the survey, just before graduation.

He said the survey—conducted by anonymous questionnaire had obvious limitations. But he added the results "gave a moderating form a realtiy . . . (as distinguished from) . . . the statistical castles in the air recently built on the rumors of (widespread) drug use among college students."

Pearlman led up to his report on the findings by saying growing reports of use of such things as LSD on campus during the last three years had "led the unwary (in the public) to extrapolate from the small, known numbers of college drug-users to very large estimates of college populations."

**"The truth is," he said, "that the drug-incidence patterns of high education, either totally or in terms of specific institutions, are highly unclear at this time and cannot serve as the basis of programs for constructive action.**

"There have been very few efforts to survey college populations . . . and until such are soundly developed—with student help it is hoped—the 'curbstone numbers game' will continue to drain our social energies."

## Computer Tagged Administrator Of Prospective Tax

State Administrative Services Director Robert P. Rogers announced Wednesday plans for a computer complex to handle administration of the prospective sales-income tax act.

Rogers said a tentative order has been placed with the International Business Machines, Inc., for a computer system.

# Equal Employment Rules Plan Backed

The Legislature's Labor Committee agreed Wednesday to draft a resolution endorsing proposed rules of the Nebraska Equal Employment Opportunity Commission, setting out subpoena and deposition powers.

**The commission was created by the 1965 Legislature to administer the state's new fair employment practices act.**

The commission has drafted rules and regulations for performance of its functions. Legislative involvement results from a requirement that the Article 5 in question receive legislative approval.

The article deals with issuance, revocation and enforcement of subpoenas, and regulations on depositions, oaths and affirmations, witnesses and mileage fees.

**The Labor Committee also gave hearing to a measure, LB523, authorizing voluntary payroll deductions from the salary of any employe of the state, political subdivision, municipal corporation or public body or agency for purposes of participating in a credit union, employee organization, community charity or public welfare plan.**

The bill was sponsored chiefly by Sen. Richard D. Marvel of Hastings and drew support from several witnesses.

One feature of LB523, authorizing the governmental agency making the deduction to claim five cents per deduction to cover administrative costs, drew some objection, however.

The committee held the bill for later disposition.

# CPPD Claims Added Facility Needed Soon

Consumers Public Power District told the Power Review Board Wednesday it will need a new generating facility soon or face the prospect of an electricity shortage.

**Operations Director Don Schaufelberger made the comment at a hearing on the agency's application to build a nuclear-fueled plant south of Brownville on the Missouri River.**

Schaufelberger told the board the district has revised earlier estimates and now intends to build a plant capable of producing 800 megowatts of power. He said the cost has been boosted to around $130 million.

Earlier CPPD estimates pegged the cost at $125 million for a smaller facility.

**Schaufelberger testified half the output would be sold to the Iowa Power and Light Co. of Des Moines under a special agreement.**

Also appearing at the all-day hearing were spokesmen for the Omaha Public Power District, Loup River Public Power District, Platte Valley Public Power and Irrigation District and the City of Auburn.

Last year the board approved an OPPD application to build a multi-million dollar nuclear plant on the Missouri River at Fort Calhoun, upstream from the proposed Consumers site.

**Platte has announced intentions to build a large generator near Grand Island. But it has not said if it will be nuclear or conventional steam.**

A decision on the Consumers application is expected within two months. The agency wants to begin construction in 1968. Completion is planned for 1972.

Earlier this year the agency purchased approximately 1,400 acres on the Nebraska side of the river near Brownville, and 200 acres on the Missouri side of the channel.

**Schaufelberger said the Missouri property was bought to meet federal safety requirements for operation of a nuclear plant.**

It was noted at the hearing that Consumers is a member of the Mid-Continent Area Power Planners (MAPP) organization. Schaufelberger said lines from the nuclear plant would connect in Iowa with the MAPP system. They also would tie into Nebraska's power load center.

# *Yeutter, Cotton At Odds Over Referendum Repeal Of Taxes*

Clayton Yeutter, executive assistant to Gov. Norbert T. Tiemann, revealed that the head of the Association of Nebraska Taxpayers (ANT) has vowed to launch a referendum drive to repeal the sales-income tax bill if it is passed by the Legislature.

Addressing the Gateway Sertoma Club Wednesday in Lincoln, Yeutter reported that Owen Cotton of Omaha, president of ANT "has told us that he will organize and lead a referendum against LB377."

"I don't know what he is talking about," Cotton said in a response to Yeutter's statement.

Cotton said he had no personal plans to lead a referendum drive against any sales-income tax bill passed by the current Legislature, and neither did the association have any such plans.

Cotton and the ANT have called for elimination of the personal income tax provision of the bill, leaving the sales tax to pick up the bulk of the revenue lost by the voters' repeal of the state property tax.

Yeutter contended that a sales tax without a personal income tax would place the tax burden too heavily on low income persons.

With both a sales and an income tax, he explained, the amount needed to operate state government would be divided about equally between the two sources. If this amount were to be raised by a sales tax alone, Yeutter estimated it would take a tax rate of 5-5½%.

# CLAY KEEPS TITLE WITH KO IN 7TH

CLAY'S WINNING PUNCH . . . Heavyweight champion Cassius Clay lands the right to the head that put challenger Zora Folley down for keeps at 1:48 of the seventh round. Referee is John Lo Bianco.

## Right To Head Flattens Folley, Challenger Also Down In 4th

### . . . BONAVENA OR ARMY NEXT OPPONENT

New York (AP) — Cassius Clay teased Zora Folley contemptuously for six rounds and then knocked out the game old warrior from Chandler, Ariz., with a thunderclap right in 1:48 of the seventh Wednesday night for the ninth successful defense of his world heavyweight boxing championship.

**The 34-year-old Folley, an ugly knot under his left eye and blood spewing from his nose, fell flat on his stomach under the bright lights of the Madison Square Garden ring.**

He rolled over slowly at the count of seven, wobbled to his feet on shaky, aging legs and then fell back to his knees.

Referee Johnny Lo Bianco waved the fight over—the 29th victory without a defeat for the sleek, 25-year-old champion and the eighth defeat and sixth knockout loss for the former Army S-Sgt. Folley in 13½ years in the ring.

**Clay, cheered as Muhammad Ali by his Black Muslim cohorts, took Folley's heaviest blows with barely a flinch in the opening two rounds—which he appeared to concede as part of a sadistic game—and then in the fourth began opening up his murderous fusillade.**

In that round, a lightning left-right combination — so quick that the blows could hardly be seen—sent Folley sprawling to the floor on his stomach. He rose weakly, glared through glassy eyes and regained his feet at the count of nine.

While the crowd cheered Folley's gameness, he struck back—with that stolid, plodding, flat-footed style of his—carrying the fight to the champion.

**He scored with left hooks and chopping rights to the head, one of which bounced the champion against the ropes.**

Clay merely smiled and came back.

"Folley bothered me for awhile," Clay said, "He was taking his time and stalking me, but he wasn't fast enough. I caught him with a right-hand lead.

**"In the first knockdown in the fourth round. I hit him with a one-two, also a right-hand lead."**

Clay continued, "He hit me low a couple of times, but he apologized for it. He's the best scientific boxer I ever met. If I'd met him 10 years ago, I know I'd have had a lot of trouble."

The champion described the knockout punch as "a right hand that shook him up and then another right hand."

**The crowd fell below the 16,000 expected because of a day-long snowstorm, but the fight was seen nationally on a special television network and was seen live in Canada, Japan, Mexico and parts of Europe.**

It seemed insignificant. To everybody in the murky old fight palace, which has seen champions come and go, it was evident after the second round that Clay could win when he pleased.

Cassius, who stood up in his corner between rounds, looked up at the electric sign board as the bell for the seventh round rang, and it appeared he said to himself, "Now is the time."

**All three officials gave Folley the first two rounds. The referee and judge Frank Forbes gave Clay the next four. The other judge, Tony Castellano, gave Folley the first three and Clay the next three. The AP's card had it 3-2-1 for Clay.**

Clay weighed 211½, Folley 202½.

Herbert Muhammed, Clay' manager, went to the champs corner between the fifth and sixth round and told him, "It looked like I was playing around with Folley," Clay said. "But I told him I wasn't playing around, I was trying to knock him out."

**The champion's next ring appearance is slated to be a May 27 date in Tokyo against Argentina's Oscar Bonavena, if he can get a stay of his pending Army induction, scheduled April 11.**

The Army has called him and Clay is fighting it in the courts on the grounds he is a Black Muslim minister.

The victory brought a loud foar from the gallery and Clay, who has suffered some unpopularity because of his controversial stand on the draft and his pop-off personality, had a tougher fight getting from the ring to his dressing room.

**He was swarmed by spectators but a cordon of Black Muslims—in their traditional Madison Avenue attire and close-cropped hair—escorted him to safety.**

The champion was a prohibitive 7-1 favorite but there was virtually no betting on the bout. The only wagering was on the likely round it would end.

"All I remember was a right on the chin," Folley said in his dressing room afterward. "I don't remember anything else.

**"I'll keep fighting. I still think I can beat any heavyweight but Clay. I'm not ashamed of my showing. I fought well. I gave it all I had."**

The 34-year-old native Texan, who joined the Army at 16 and worked his way up to a sergeant's ranking in five fighting years in Korea, put up a plucky—if futile—show.

Fighting flat-footed, slow and stolid with an orthodox style, he waded in from the opening bell and hammered away at the elusive Clay — a dancing ghost.

**At 2:20 of the first round, he sbapped Clay's head back with a vicious right. The champion hardly blinked but glared coldly.**

In the second, the challenger, father of eight, pumped away at Clay's body and landed two stout rights to the head. Clay was undaunted.

The champion was cocky as a peacock — disdainful and contemptuous—as he danced around the ring in his white shoes, perhaps the fastest heavyweight in the history of the game.

## Eight Of Big 8's Top Ten Scorers Return Next Year

Kansas City — This year's end could be the start of something big in Big Eight Conference basketball with the return next year of eight of the league's top 10 scorers and seven of the best 10 rebounders, according to final full-season statistics released Wednesday.

**Never before has the Conference been quite so dominated by underclassmen. The young look became quite vivid with the announcement of the all-Conference teams by the wire services. An all-junior first unit was the result, with the second team headed by a sixth underclassman.**

The leaders of the group have been the two Dons, Iowa State's Don Smith, and Oklahoma's Don Sidle, who gave the Big Eight its greatest one-two scoring punch in history. It was Smith who came out on top of Sidle in the all-games scoring chase, showing 619 points. Sidle, winner of the Conference-games title, had 592.

This makes Smith only the sixth Big Eight player to score over 600 points in a season. His total ranks behind only Kansas' Clyde Lovellette and Wilt Chamberlain, and Kansas State's Bob Boozer and Willie Murrell on the league's all-time list.

Sidle, with his 592, comes along just behind the fifth 600-point producer, Kansas' Wayne Hightower.

The Dons were one-two in rebounding, too, with Smith first at 13.4 and Sidle second with 10.4. Sidle did win one individual crown, the field-goal accuracy title, hitting over 55 per cent of his shots.

**With these two at lofty heights were Nebraska's Stuart Lantz and Kansas' Rodger Bohnenstiehl, who were the only two to be ranked in all four individual categories for all games. Lantz was fourth in scoring (19.1), fifth in rebounding (7.7), field shooting (.513), and free-throwing (.775). Bohnenstiehl finished eighth in scoring (16.4), eleventh in rebounding (6.8), second in field percentage (.535), and ninth in free throwing (.730).**

Then come scoring returnees Colorado's Pat Frink (fifth, 18.3), Nebraska's Tom Baack (sixth, 17.7), Oklahoma's Willie Rogers (seventh, 16.5), and Kansas' Jo Jo White (tenth, 14.8). Rebounding leaders back include Rogers (third, 8.5), Kansas State's Earl Seyfert (fourth, 8.2), Missouri's Tom Johnson (seventh, 7.6), and Kansas State's Nick Pino (tenth, 7.3).

One of the two seniors to finish among the top 10 scorers was Missouri's Ron Coleman. Coleman may have missed a second scoring title, but he did come within one point of his winning total of last year, getting 511 this time. This let him finish his great career with 1,295 points, seventh best on the Big Eight's all-time list and second in the Missouri book.

Team leaders for the full season included Colorado in field goal percentage (.474), Nebraska in free throwing (.727), and Kansas in rebounding (.530).

## LaRusso Sues NBA

Los Angeles (AP)—Rudy LaRusso, suspended forward for the Los Angeles Lakers, filed a $465,000 lawsuit Wednesday against the National Basketball Association.

**LaRusso, 30, accused the NBA of conspiracy and monopoly. Besides damages, he asked a jury trial. Also named as defendants were all NBA member teams and association president.**

The action, filed in federal court, stems from a controversial three-team deal in January that sent Ray Scott of the Detroit Pistons to Baltimore and brought Mel Counts of the Bullets to the Lakers.

LaRusso, who was to go to Detroit, instead announced his retirement.

**On Jan. 12, after a meeting with Laker owner Jack Kent Cooke, it was announced LaRusso would rejoin the Lakers. The NBA promptly suspended him.**

The suit alleges LaRusso "is, in effect blacklisted by all of the other team defendants and is a victim of a group boycott."

LaRusso says he signed a new contract with the Lakers last July and that without consulting him the Lakers traded him to Balitmore. The Bullets, in turn, traded him to the Pistons without notifying him in writing.

**LaRusso, who said he refused to move his family from Los Angeles, was suspended by the Lakers until Jan. 20 when, according to the suit, the Lakers agreed not to trade him and reinstate him.**

His suit declared the NBA and its teams "conspired and combined" to deprive him of half his $30,000 salary for the 1966-67 seasons and $35,000 average salary for 1967-68 and three years hence.

He also asked damages to cover injury in his "business trade and property."

## George Snider Drives Again At Indianapolis

Indianapolis, Ind. (AP) — George Snider of Fresno, Calif., who crashed in the Indianapolis 500-mile race last year, was nominated Wednesday to drive a new rear-engine Ford in this year's 51st Memorial Day classic.

Vel Miletich of Torrance, Calif., entered the Ford and a second car without a driver, bringing the field to 53 cars. The list will close at midnight April 15.

## Knights Early Lead Defeats Braves 5-1

St. Louis (AP) — The Omaha Knights piled up a 5-0 lead in the first two periods and defeated the St. Louis Braves 5-1 Wednesday night in a Central Hockey League game.

Gary Sabourin and Max Mestinsek provided the Knights with a 2-0 bulge in the first period. Bryan Campbell scored twice and Terry Ball once in the second period.

## *Will Try Third*

Second baseman Jim Lefebvre of the Los Angeles Dodgers will be tried at third base this spring. He played 40 games at the spot last season.

## Stickels Gets Nod To Start

Nebraska baseball coach Tony Sharpe named senior Bob Stickels Wednesday as the Cornhuskers' starting pitcher in the season opener against Rice at Houston Monday.

**The Rice game will kick off a six-game series in Texas against Rice, Houston and Houston Baptist.**

Sharpe said lack of pitching strength is his biggest worry, and that he will do a considerable amount of line-up juggling during the Texas series.

**"Lack of outside work and many newcomers makes this a necessity since we want to field our strongest unit for the conference race," Sharpe said.**

A 19-member traveling squad, led by All Big Eight performers Bob Churchich, Bob Brand and Alex Walter, will make the Texas trip.

## Bears-Chiefs Game On Calendar Again

Kansas City (AP) — The Chicago Bears and Kansas City Chiefs have agreed to play their inter-league exhibition football game here Aug. 23—one night earlier than the original date which caused six weeks of confusion and speculation.

**After the original date was announced Feb. 8, the city said it hadn't given permission and pointed to an American League rule prohibiting a pro football game 36 hours before a baseball game. There was speculation the game might have to be cancelled or moved to another city.**

"We never considered taking the game out of Kansas City," said Jack Steadman, Chiefs general manager. "We now have written permission to play the game in Municipal Stadium Aug. 23, a Wednesday night, and the clubs have agreed although both play the previous Saturday."

The Bears meet their old rivals, the National Football League champion Green Bay Packers, Aug. 19 at Milwaukee in their annual charity game. The Chiefs, American Football League champions, will face an AFL foe on the road the same day. The opponent will be announced soon.

**Chicago is led by halfback Gale Sayers, a former Kansas All-America. Sayers led the NFL in rushing last fall and set a league scoring record in 1965.**

The Bears-Chiefs game is part of Kansas City's season ticket sale, which has reached 28,022. If the sale fails to reach 31,500 by Aug. 1, the remaining seats will be offered to the public. Capacity will be 31,500 because temporary stands in left and center field won't be set up.

## Fred G. Dale Dies Tuesday

Wayne (UPI) — Fred G. Dale, 71, former athletic standout at Wayne State and the University of Nebraska, died here Tuesday night.

**Funeral services are pending.**

Dale earned a two-year diploma from Wayne, then a two-year normal school, in 1916. He then went to the University of Nebraska and continued the athletic feats which had made him a legend at Wayne.

At Nebraska he lettered three years in football and track and earned bachelor and master degrees.

**The 1921 Cornhusker yearbook said that "Fred found his stride in the Kansas game and proved to be a mighty powerful ground gainer." He once held a national record as a shot putter.**

At Wayne he held a hammerthrow record never equalled by any other Wayne athlete.

After graduation from Nebraska, Dale coached about seven years at Wayne He continued teaching until his retirement in 1961 after 40 years service.

Survivors include his widow, Edith; sons Robert of Silver Springs, Md., and Jack of Fort Collins, Colo; and eight grandchildren.

# Frank Robinson Belts First Spring Homers

## . . . DODGERS LEAD HIT PARADE

By The Associated Press

Frank Robinson got into the swing of things Wednesday, slamming two home runs as Baltimore edged the Chicago White Sox 5-4 in 10 innings on a day when the hitters took over baseball's exhibition play.

**The Oriole outfielder, still recovering from off-season surgery on his right knee, hit his first homers of spring training before retiring after four innings, but Baltimore needed Dave Johnson's run-scoring single in the 10th for the victory at Sarasota, Fla.**

Vada Pinson and Lee May each homered in Cincinnati's 16-hit attack that sank Philadelphia 10-6 at Tampa, Fla., for a 9-4 record. The Phillies had only three hits, but one was a homer by Johnny Callison and another a two-run double by Grant Jackson.

Boston stopped the New York Yankees 5-2 at Winter Haven, Fla., with two-run homers by Carl Yastrzemski and Rico Petrocelli in the third inning off Jim Bouton. Mickey Mantle of the Yankees left in the third inning with a slight pull of the left hamstring muscle.

**Frank Howard drove in three runs with a double and his first home run of spring training and Ken Harrelson also homered in Washington's 6-4 triumph over Detroit at Pompano Beach, Fla. Bill Freehan hit a two-run belt for the Tigers.**

Norm Miller's two-out, two-strike homer in the last of the ninth handed Houston a 4-3 victory over Atlanta at Cocoa, Fla. John Hoffman of the Braves and Jim Wynn of the Astros traded earlier two-run smashes.

Roger Maris paced the St. Louis Cardinals to a 7-2 victory over the New York Mets at St. Petersburg, Fla., with three singles and a double. The former Yankee slugger had only four hits in 10 games previously.

**Orlando Cepeda helped out for the Cards with a single, double and homer and Tim McCarver tripled in two runs. Ron Swoboda's homer drove in both runs for the Mets, who lost Tommy Davis for about five days. Davis pulled the achilles tendon in his right heel.**

Home runs by Paul Schaal and Jim Fregosi started California past the Chicago Cubs 5-2 at Palm Springs, Calif., but it was Jay Johnstone's run-scoring single in the sixth inning that broke a 2-2 tie.

The Los Angeles Dodgers slammed 19 hits to drop Minnesota 15-2 at Vero Beach, Fla. Ron Fairly drove in three runs with a single and triple in the onslaught against Ray Kaat and three successors.

—MULLINS PACES VICTORY—

# Warriors Coast By LA In Opener

Oakland, Calif. (AP) — San Francisco's Warriors built a 31-point margin early in the fourth quarter Tuesday night before coasting to a 124-108 victory over the Los Angeles Lakers in the first game of their best-of-5 semifinal playoff round in the National Basketball Association's Western Division.

**Although Warrior ace scorer Rick Barry was blanked for the first quarter, Jeff Mullins took up the slack with 15 points, sending San Francisco ahead 33-25.**

Mullins hurt an ankle early in the second period and saw no further action.

Reserve guard Jim King, who played for Los Angeles last season, wound up as the Warrior's leading scorer with 22 points. Barry netted 21.

**The Warriors built their lead to 65-45 at the half and 94-67 at the end of three quarters. With less than two minutes gone in the fourth period, the margin was 100-69.**

A crowd of 11,106 in Oakland's Coliseum Arena watched the first round playoff action between the Warriors, who finished first during the regular season, and the third-place Lakers.

Rookie Archie Clark led Los Angeles with 26 points. Elgin Baylor had 18.

**Barry, leading scorer in the NBA, was blanked the first 10 minutes of the first quarter and then coach Bill Sharman rested him until only 7:27 was left in the half. A minute later, he hit his first basket.**

Los Angles' ace guard, Jerry West, saw no action because of an ankle injury. It was hoped both he and the Warriors' Mullins would be ready for play Thursday night in Los Angeles in the second game of the series.

# Wilt Leads 76ers As Series Evens

## . . . PHILLY WINS, 123-102

Cincinnati (AP) — Wilt Chamberlain evened the National Basketball Association's Eastern Division playoff series at 1-1 Wednesday night as he took control at the start and led the Philadelphia 76ers to a 123-102 victory over the Cincinnati Royals.

**Chamberlain scored the 76ers' first basket to tie the score 2-2, and the Royals never regained the lead. Wilt pumped in a total of 37 points and got plenty of help from the fired up 76ers, who led 35-22 after the first period.**

Cincinnati ran off six straight points to narrow Philadelphia's lead to 42-34 at the start of the second period, but Hal Greer widened it again with two field goals in 17 seconds.

The closest the Royals came after that was four points and they fell behind by 17 on three occasions in the third period.

**Chamberlain hit with 16 of 24 field goal attemps and five of nine free throws while pulling down 27 rebounds. He also was credited with 11 assists.**

Oscar Robertson did his best for the outgunned Royals with 29 points and nine assists, while Connie Dierking added 21 points and 17 rebounds and Flynn Robinson 18.

Greer contributed 28 points to the 76er' attack and Chet Walker scored 20.

**The 76ers shot a sizzling 49 per cent from the floor while the Royals connected with 44 per cent of their field goal attempts.**

The Royals upset Philadelphia 110-106 in Tuesday night's opening game on the 76er's home floor.

# Better Tiger Pitching Could Bring Pennant

## . . . BIG SHIFT IN INFIELD

Lakeland, Fla. (AP) — Mayo Smith has been sitting up in the stands since 1959, writing World Series scouting reports for the Yankees in the years when they were winning pennants, and covering the majors as a Yankee advance man.

**Now Smith is back in uniform as the new manager of the Detroit Tigers, a club shaken by tragedy in 1966 when it lost both its manager, Chuck Dressen, and his successor, Bob Swift.**

Many picked the Tigers to win it all last year but they came home third, 10 lengths behind the Baltimore Orioles. They had been second for 104 days until they were passed

Al Kaline

by Minnesota just before the season ended. Many will pick them to win this year if Mayo can rebuild his bullpen and bolster his pitching staff.

This is a solid ball club that was second to Baltimore in both hitting and fielding but dropped way down to ninth in pitching. The Tiger staff threw more home run balls, 185, than any in the American League.

**"Just look at the runs scored (715) and the runs scored against you (698) and you get an idea where our problem was," said Smith. "We have good potential. Our big problem is to strengthen our bullpen. We still are taking deals but nothing is close."**

In an attempt to tighten up his pitching staff, Smith hired pitching coach Johnny Sain and his bullpen helper, Hal Naragon, who were with the Minnesota Twins. Sain did such a good job with the Twins staff that Jim Kaat, for one, complained publicly when he was released.

Detroit's pitching flopped last year when Joe Sparma dropped off to a poor 2-7 season from 13-8 in 1965, Hank Aguirre fell to 3-9 from 14-10 and Bill Monboquette, acquired a year ago in a big deal with Boston, had only a 7-8 record. Mickey Lolich wound up with 14-14 despite a 4.76 earned run average.

**Denny McLain, 20-14, was the big winner, backed by Earl Wilson, 18-11 who was 13-6 for the Tigers after he was traded by Boston in mid-June.**

Johnny Podres, 4-5, the 34-year-old ex-Dodger, and Dave Wickersham, 83, will be used as spot starters.

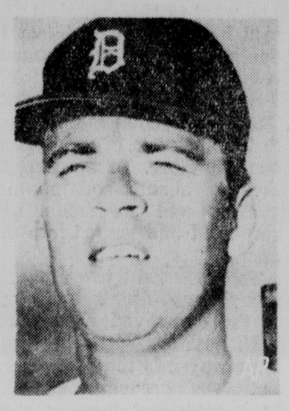
Monbouquette will be used primarily in relief. If he can accept the idea of working regularly in the bullpen he could save the day for Smith. Aguirre also will be on relief while Johnny Klippstein, a veteran who is not on the roster, probably will stick as a short relief man.

**Smith's big experiment of the spring has been to shift Dick McAuliffe, .274, from short to second in order to give slick-fielding but weak-hitting Ray Oyler, .171, a shot at short. If Oyler can hit enough he will get the job. Otherwise, Smith may use Dick Tracewski, .194, at short or return McAuliffe to short and go with veteran Jerry Lumpe, .231, at second. Lumpe has been having trouble with his legs.**

Norm Cash, .279, the big power man with 32 homers and 93 RBI, is set at first and Don Wert, .268, is the third baseman.

Much of the Tigers' hopes rest on the ability of catcher Bill Reehan to improve on his .234 average of the last two years and return to the .300 level of 1964.

The Tigers have five regular outfielders. They probably will open with Willie Horton, .262 with 27 homers and 100 RBI, in left; Al Kaline, .288 with 29 homers, in center



Denny McLain

and Jim Northrup, .265, in right. If Mickey Stanley, .289, can put a little more punch in his hitting, he could take over center with Kaline reverting to right, Gates Brown, .266, is the extra man and top pinch hitter.

# Tar Heels Stopped 7-Footer Just Decade Ago

## . . . QUIGG WONDERS IF HISTORY WILL REPEAT ITSELF

Louisville, Ky. (AP)—If North Carolina coach Dean Smith is looking for a gimmick to spring in the NCAA basketball tournament, he can find one in the record books.

**It was just 10 years ago this week that another Tar Heel team appeared in the finals and so did a seven-foot cage wonder, Wilt Chamberlain.**

North Carolina checked Chamberlain and captured the title in a 54-53 triple overtime over Kansas.

The Tar Heels are back this year and so is another seven-footer, Lew Alcindor of UCLA.

**How do you stop Alcindor?**

"Smith might use our strategy," said Joe Quigg, the hero of that 1957 game.

"We used a 2-1-2 zone defense on Wilt. I played in back of him. We always had someone in front."

**Quigg, contacted at his dental offices in Fayetteville, N. C., said "everything looks the same as 1957.**

"North Carolina is very similar to our team of that year—the offensive and defensive balance . . . . a take-charge guy in Larry Miller."

Chamberlain managed only six field goals and 11 free throws for 23 points. And the zone apparently bothered him, according to James Freeman, who was an assistant coach at North Carolina at the time.

**"Wilt was irritated so much by our zone and our deliberate game," said Freeman, "that he came away from the basket. But we refused to come out of our zone. Quigg did a great job on Wilt and came up with two free throws with six seconds left in the third overtime to win it."**

Freeman recalled that the gimmick North Carolina used came on the opening tipoff. "We put our smallest starter in the jump circle with Wilt and dropped the other four back in our zone defense.

"It was our way of conceding only the jump ball to Chamberlain," he added.

**After the victory, the Tar Heels were so happy they ran four blocks in sweat clothes to their hotel in Kansas City.**

That would be quite a feat this weekend since it's more than four blocks from Freedom Hall to the Tar Heels' hotel.

## Installment Plan Set To Buy Golf Permits

Lincoln's annual golf permit for Holmes Park and Pioneers Park on the seven-day per week basis may be purchased in two installments, Acting Parks and Recreation Director Jim Ager said Wednesday.

The $100 fee may be paid in two installments one month apart such as $50 April 1 and $50 May 1.

## Poor Weather Postpones Races

By The Associated Press

A heavy snow storm forced the closing of Aqueduct race track Wednesday for the second time since the 1966 season opened March 13. Lincoln Downs at Lincoln, R.I., also canceled its program because of snow.

Aqueduct was shut down last Friday and Saturday because of snow and a frozen track. The Paumonok Handicap, originally scheduled for last Saturday, is slated to be run Thursday.

Thoroughbred racing at Lincoln Downs has been canceled until Saturday because of Wednesday's severe northeast snowstorm.

## Philly Writers Honor Wilt, Pistons' Bing

Philadelphia (AP) — Wilt Chamberlain of the Philadelphia 76ers and Dave Bing, Detroit Pistons' rookie, will be honored at the 21st annual awards banquet of the Philadelphia Sports Writers basketball club March 28, it was announced Wednesday.

Chamberlain will be feted as the outstanding player and Bing as the rookie of the year in the National Basketball Association.

# Starr Claims It's Great To Be First

Atlantic City, N.J. (AP)—Bart Starr, the man who passed the Green Bay Packers to teir National Football League championship and followed it with a victory in the Super Bowl, faces a challenging problem. But it's a beautiful problem as they say in the trade.

**"The greatest thing to look forward to next fall is that all of us Packers are playing with a champion," said the veteran quarterback and pro football's Player of the Year following Wednesday's program at the National Football Clinic in Convention Hall.**

"It's going to be a terrific challenge from week to week. I don't think that any person realizes what the top team faces. Every team will be up for us.

"This is the greatest thrill, the greatest reward, when you're with the top team: You've got to be at your best.

**"It's easy to climb to the top but it's tough to stay on top. The big thing is to stay there. This is true in business and in all walks of life, just as in football or in any sport.**

"You can't become contented. Once you become contented you're easy prey, easily knocked off. Everybody wants a little piece of you.

"Our encore is to try to do it again—win the title. We've got to start out fresh. You can't live on past performances. The older you get — I'm 33 now—the more you realize these facts of life."

**Starr, a modest and unassuming person, has been Green Bay's No. 1 signal-caller since 1960.**

"I would say we've got some talent at that spot this year," Starr replied when asked about the Packers' other quarterbacks.

"There's Zeke Bratkowski, former Georgia star; Kent Nix from last year's taxi squad, and recently we drafted Don Horn from San Diego State. So you see. I'd be a fool to think I have it made.

**"I've got to work that much harder once summer practice begins. And the harder you work, the more fun it is to play this game."**

Packer Coach Vince Lombardi, also attending the Clinic as a lecturer, just smiled.

## American Gals Win In Doubles

Johannesburg, South Africa (AP)—Mrs. Billie Jean King of Long Beach, Calif., and Rosemary Casals of San Francisco advanced to the women's doubles finals of the South African tennis championships Wednesday.

The American tandem defeated Christine Truman of Britain and Annette Van Zyl of South Africa 6-2, 6-0.

Manuel Santana of Spain and Jan Leschly moved into the finals of the men's singles. Santana downed Ken Fletcher of Australia 7-5, 6-3, 6-1 and Leschlt defeated Bill Bowrey, also of Australia, 6-3, 6-1, 9-7.

## Top Two Juco Clubs Both Have One All-America

Dodge City, Kan. (AP) — Moberly, Mo., ranked No. 1 the past season, and San Jacinto of Texas, the No. 2-rated team it edged for the national tournament title last week, both placed one player on the 1967 all-star junior college basketball squad.

The selections, announced Wednesday by the National Junior College Athletic Association:

First team—Wendel Hart, Dallas, Tex., Baptist; Simmy Hill, Cameron of Lawton, Okla.; Tom Mitchell, San Jacinto; Al Nunnes, Fort Dodge, Iowa; Tom Thoenen, Moberly.

Second team—Robert Gorham, Rochester, Minn.; Earle Higgins, Casper, Wyo.; Gary Miller, Brevard of Cocoa, Fla.; Mike Schanne, Ferrum, Va.; Lou West, Eastern Utah of Price.

Third team — Donald Beary, Broome Tech of Binghamton, N.Y.; Wayne Canaday, Vincennes, Ind.; Ancil Johnson, Freed-Hardeman of Henderson, Tenn.; Raymond Price, Wilson Branch of Chicago; Roland Taylor, Dodge City, Kan.

# Doctor Lashes At Drug Cartel

Washington (AP) — A senate investigator charged Wednesday that an international cartel rigged and raised the price of a drug that is vital to perhaps 250,000 American heart patients. He said the combine cemented its grip on the market by purchasing U.S. stockpiles.

**The investigator, Dr. John M. Blair, told the Senate antitrust and monopoly subcommittee the cartel was able to dominate prices of quinine and a derivative called quinidine because it secured more than 80% of the stockpile sold by the United States between 1961 and 1964.**

He said some 8.7 million ounces of quinine were sold by the United States, through the General Services Administration, before the transactions were halted, nearly three years ago. The stop order came in anticipation that quinine would be needed by the United States to treat malaria in South Vietnam.

The stockpile price paid by a giant Dutch quinine firm was slghtly over 21 cents an ounce, said Blair, the subcommittee's chief economist.

**Blair said while the quinine involved could not be traced, he had no doubt that some of it was later exported to the United States at prices of $2 an ounce and more.**

Blair said one member of the cartel advised the others in advance that the GSA, in charge of disposals from the U.S. stockpile, "would not raise embarrassing questions 'about cartels.'"

Once the stockpile sales were terminated, on April 17, 1964, the price of quinidine rose sharply in the United States.

## Festival In April

Washington (AP) — The annual Cherry Blossom Festival opens April 4. Officials said a light snow this week didn't harm the forming blossoms.

## RESERVE PRIORITY TO 17-18½

Washington (UPI) — The Defense Department Wednesday restricted drastically the enlistment of men more than 18½ years old in the six-month reserve training program.

After May 1, the department ruled those over that age may not be accepted except for duty in specific civilian reserve units where the commander has determined that younger men are not available.

The order, signed by Deputy Defense Secretary Cyrus R. Vance, was issued to carry out President Johnson's policy of giving priority in the reserves to enlistees between the ages of 17 and 18½.

## Parliament OKs Steel Takeover

London (AP) — Nationalization of Britain's steel industry was completed by parliament Wednesday night. The government will take over ownership and control this summer, possibly as early as June.

The Royal assent, final legislative stage of the iron and steel bill, was given in the House of Lords without any of the political controversy and fanfare that had attended the bill's passage.

Steel nationalization was a main plank in the Labor Party's platform during the 1964 and 1966 election campaigns.

## Prime Rate Cut By Morgan Co.

New York (AP) — Morgan Guaranty Trust Co. cut its prime interest rate from 5¾ to 5½% effective Thursday.

The prime rate is the rate offered the bank's best customers. Other rates are scaled upward from it.

The Philadelphia National Bank and San Francisco's Wells Fargo Bank and Bank of California announced they would also cut their prime rates from 5¾ to 5½% Thursday.

# North Korean Reporter Defects Amid Hail Of Bullets

Seoul (AP) — A high North Korean press official defected at the Panmujom truce village Wednesday and fled in a car with a U.S. colonel as communist guards pumped at least 40 bullets at them.

**Lt. Col. Donald E. Thomson, in charge of the advance camp near Panmunjom, said a communist guard at the final guard post 100 yards south of the conference building tried to stop his car with the defector but it crashed through the barrier.**

The defector was Lee Sookeun, 44, vice president of the official North Korean Central News Agency. He had come to cover the joint military armistice commission meetings with other communist reporters.

A North Korean broadcast asserted Lee was kidnaped and demanded his return. It charged that U.S. military police forced him into the car.

The broadcast said this was "part of the aggressive maneuvers of the U.S. imperialists to undermine the Korean armistice agreement, increase tension and ignite a new war."

**An hour before the joint armistice meeting broke up, Lee went to U.N. officials and said he intended to defect to South Korea, a Korean source reported.**

As the meeting ended, Thomson brought this sedan to the entrance of the conference building. To the amazement of about 50 communist guards and newsmen, Lee came out and leaped into the car.

Thomson said two communist guards—they are allowed in the compound along with U.N. guards — tried to force their way into the car, where Lee was crouching in the back seat. But the car sped away and the guards on duty opened fire.

**Roadblock Tried**

At the southern exit to the truce grounds, a communist guard tried to block the way by lowering a bar across the road.

The bar struck "the front fender and bounced, smashing the front windshield and then hit the top of the car," Thomson said. Thomson, riding in the front seat, was cut slightly by shattered glass.

Apparently no communist bullets hit the car.

**Lee was taken to Thomson's base camp about four miles south of Panmunjom.**

Maj. Gen. Richard G. Ciccolella, senior U.N. delegate who traveled out of Panmunjom in a separate sedan, took Lee by helicopter to the U.S. Army hospital in Seoul, 35 miles south of Panmunjom, for a medical examination. Lee then was released to South Korean security officials.

## '67 Food Price Hike Expected To Be Less Than Rise In '66

Food prices probably will increase in 1967, according to University of Nebraska Extension home management specialist, Mrs. Clara N. Leopold, but the increase will not be as sharp as in 1966.

In addition, the price rise probably won't be as high as the increased income the average housewife will have to spend, Mrs. Leopold reported.

The rise and fall of food prices is influenced by the amount of food available, she said. An oversupply brings down the price while food shortages raise prices, Mrs. Leopold explained.

Here's how the University of Nebraska Extension Service expects food prices to stack up for the remainder of 1967:

Lamb, pork, poultry and egg prices should be lower.

Citrus fruit should also be lower during 1967 due to a large fruit crop last winter.

Beef prices and dairy product prices are expected to remain high.

Cereal and bakery products will move upward gradually during 1967.

Prices will also creep upward on fats, oil and many processed fruits and vegetables. Sweet potato prices will be much above a year ago but white potato prices will average only slightly higher.

## Vietnam-Based Soldier Is Glad To Pay His Tax

Ellicott City, Md. (AP)—Tax officials in Howard County—which has a one per cent income tax—recently got a letter from Vietnam, with a tax bill and a check from M.Sgt. William B. Marshall, of Elkridge.

"I am 12,000 miles from good old Howard County and am only too glad to be able to pay you the money," Marshall wrote.

"Also, I feel that no resident of the county can say they didn't know of the tax as I do and I am a lot farther away than any of them. I hope I'll be around to pay next year, too."

# Market Closes Slightly Higher

New York (AP) — The stock market groped for direction Wednesday and finally found itself on the uptrend, making a new high in the industrial average by a narrow margin.

**Trading was farily active, but a million shares below the total for the previous session, Wednesday's being 8.83 million shares and Tuesday's 9.83 million.**

The Dow Jones industrial average rose 3.96 to 870.55,, topping Monday's closing high of 870.43.

After a mixed opening, the market headed lower and remained that way most of the session. Late in the day, however, a spurt of buying accompanied by a late ticker tape pushed the market into plus territory.

**After the close came news that Morgan Guaranty Trust Co. had followed the example set some weeks ago by Chase Manhattan Bank and cuts its prime rate for brokers' loans similarly. The prime rate is the rate given to a bank's biggest and best customers.**

Cuts in such a basic interest rate are always bullish for stocks.

Stock prices advanced on the Pacific Coast Stock Exchange following news of the interest rate cuts by the Morgan Guaranty Trust Co.

The Associated Press average of 60 stocks closed unchanged at 323.1 with industrials up 1.4, rails off .9 and utilities off .4.

Of 1,433 issues traded, 646 rose and 535 fell. New highs for the year totaled 95 and new lows 12.

The New York Stock Exchange gained 14 cents at $49.44.

Twelve of the 15 most-active stocks advanced and three declined.

For the second straight session, Gulf & Western Industries was the most-active stock. It rebounded from Tuesday's loss of 2¼ and rose 3¾ to 54 on 164,000 shares.

Prices were irregularly higher on the American Stock Exchange. Volume was 3.2 million shares compared with 4.08 million Tuesday. The Exchange stock index rose 8 cents to $17.39.

# Wheat Price Drop Worst Since 1960

Chicago (AP) — Wheat futures prices collapsed under a barrage of liquidation on the Chicago Board of Trade Wednesday and declined nearly 9 cents a bushel—the heaviest fall in nearly seven years.

**Not since May 19, 1960 have wheat prices declined as much.**

The weakness in wheat futures Wednesday influenced all other grains and soybeans.

Trade sources opined that because wheat futures fell Monday, showed a little strength Tuesday but opened weak on Wednesday holders of wheat, who were counting on another advance, decided to liquidate. The selling generated strength and only rarely made an appreciable upward change.

**May wheat closed last Friday at $1.86½-¼; July closed at $1.85⅝-⅞; September closed at $1.89⅛-¼; and December at $1.94½-¾.**

Closing wheat prices Wednesday were: May $1.73-72¾. July $1.73-72¾; September $1.76-75¾; and December $1.81¼-81.

The difference between Friday's close and Wednesday's, around 13½ cents lower.

When trade closed for the day, wheat was 7 to 8¼ cents a bushel lower, May $1.73-72¾; corn was ¾ to 2⅛ cents lower. May $1.41-40¾; oats were ⅝ to 1 cent lower, May 73⅛ cents; rye was 2¼ to 2⅞ cents lower, May $1.23⅞-⅝; and soybeans were ⅜ to ¾ of a cent lower, May $2.86½-¾.

## Gas Idea Wrong

Dearborn, Mich. — It is not true that an occasional tankful of premium gasoline is good for an engine that usually runs on regular.

# Grand Jury Indicts Shaw In 'JFK Plot'

New Orleans (AP) — Dist. Atty. Jim Garrison, changing his tactics, obtained a grand jury indictment Wednesday of Clay L. Shaw on a charge of "wilfully and unlawfully conspiring" to murder President John F. Kennedy.

**The surprise indictment came a few hours after Dean A. Andrews Jr., an attorney who says Lee Harvey Oswald consulted him in 1963 on minor legal matters, pleaded innocent to a charge of committing perjury before the grand jury.**

Garrison had previously indicated he would bypass the grand jury and file a bill of information to bring to trial Shaw, 54, a decorated World War II Army major and retired New Orleans businessman.

Three state judges ruled last Friday at the conclusion of a four-day preliminary hearing that Garrison had produced enough evidence to warrant holding Shaw for trial.

By filing a bill of information, the district attorney would have had to divulge specific details of his case. In Louisiana, a prosecutor has a choice of bringing a man to trial by either a grand jury indictment or a bill of information.

**The indictment came after Perry R. Russo, a Baton Rouge insurance salesman who was Garrison's star witness in the preliminary hearing, made a surprise appearance before the grand jury.**

Grand jury foreman Albert V. Labiche, a prominent businessman here, said afterwards that Russo was the only witness the body heard Thursday in connection with the Kennedy assassination.

Russo, his memory aided by hypnotism and so-called truth serum, had calmly told the three-judge court he heard Shaw, David .W Ferrie and Oswald plotting to kill Kennedy.

## Preliminary Hearing In McGinley Case Now Postponed Indefinitely

Ogallala (AP) — Authorities reported that a preliminary hearing for Maureen Ann McGinley, 27, of Ogallala has been postponed indefinitely.

Miss McGinley, under psychiatric care, is charged with second degree murder in the shooting death last Dec. 26 of her aunt, 56-year-old Mrs. Albert Thurmond. Mrs. Thurmond's husband was wounded.

Miss McGinley, daughter of Mr. and Mrs. G. J. McGinley, has posted bond of $25,000.

Last month a doctor reported in Keith County District Court that Miss McGinley has no recollection of events leading up to the shooting and is unable to stand trial. Psychiatrists are to submit reports for Miss McGinley.

Certified Hearing Aid Audiologist

When selecting a hearing aid, be certain that it has enough amplification and power output for your loss. It should not have to be set at "full volume" for ordinary listening. You should always have some reserve power for especially difficult hearing situations . . . and when your aid is at full power, it should perform without distorting sounds or making them sound "tinny" or "fuzzy".

Maico has developed a glass type of aid for your need. Not only are they beautifully designed, but they are engineered to give you the best hearing correction possible for this type of instrument. Write or call me for an unobligated appointment either at our office or at your home. We're located at 713 Sharp Building, Lincoln. Phone 432-1967.

## Women Advised Not To Marry To Have Career

New York (UPI)—The best way for an ambitious woman to pursue a career is to do it without a husband and children, Clare Boothe Luce said Wednesday.

"Don't marry," was Mrs. Luce's advice to "women without private means who wish to persist in careers. The second best formula is marry if you must, but don't have children or make a home for your husband—unless he likes housework. Live with him in a hotel or small apartment and eat your meals out."

Mrs. Luce, writing in the current McCall's magazine, also complained the federal government has "shilly-shallied disgracefully in the enforcement of the civil rights law concerning employer discrimination against women."

## Midwest Life Policyholders Gain Reported

A substantial gain of insurance in force, increased living benefits to policyowners and expansion of agency locations were the highlights of 1966 as reported at Midwest Life Insurance Co.'s annual stockholders meeting Wednesday.

According to President A. Leicester Hyde, individual life insurance in force exceeded $216,000,000 at the end of 1966, and admitted assets had grown to over $31.2 million.

Hyde said, "It was indeed rewarding to see our benefit payments to policyowners and their beneficiaries were well over $1,600,000."

Directors re-elected to the board for three-year terms are Snell W. Putney; W. W. Putney, chairman; E. B. Reed, medical director; Ernest L. Smith; and Eleanor F. Snell.

Officers named include the following: W. W. Putney, chairman of the board; A. Leicester Hyde, president; H. C. Henderson, executive vice president and general counsel; Dale E. Scheer, agency vice president and secretary; A. Grant Reed, vice president of underwriting; and Robert R. Koudele, treasurer and investment secretary.

## CB&Q Requesting Cutback In Passenger Train Service

Sheridan, Wyo. (AP)—An official of the Chicago, Burlington and Quincy Railroad told Sheridan city officials the railroad is asking to discontinue two passenger trains between Alliance, Neb., and Billings, Mont., because of heavy financial losses.

Ed Phillips, superintendent of the Burlington office at Alliance said if the railroad is successful in removing the two passenger trains 20 people from Sheridan and eight others from Edgmont, S.D., Alliance and Billings, would be affected.

Phillips told the Sheridan officials that in 1966 an average of 2.26 people boarded and 3.3 got off one of the passenger trains in Sheridan each day, while the other train had an average of 3.86 boardings and three who got off.

He said the run between Alliance and Billings showed a $94,000 loss in 1959 but it showed a $34,000 profit in 1961 after the railroad took off two baggage cars, and discontinued sleeper and diner lounge service.

Phillips said in 1965 the postal dtpartment pulled its ROP mail cars from the run and the train showed a $161,000 loss as a result.

The Brotherhood of Railroad Trainmen in Sheridan has protested the discontinuance. The Wyoming legislative representative of the brotherhood, Glenn Sweem, said the organization has asked the ICC to conduct a hearing in Sheridan on the matter.

## Evelyn Metzger, Ex-NU Home Ec Professor, Dies

Evelyn Metzger, a former University of Nebraska home economics professor, died Tuesday in Portland, Ore., the university reported Wednesday.

Funeral services will be Thursday in Portland. Burial will be in Estherville, Iowa.

A native of Algona, Iowa, Miss Metzger taught at the university from 1927 until her retirement last spring. She also was a former instructor at the University of Arkansas and Kansas State Teachers College.

## RUSSIAN TRAWLER IS SEIZED

Juneau, Alaska (AP) — The Coast Guard reported Wednesday night that the cutter Storis had seized a 178-foot Russian fishing vessel for violating the U.S. 12-mile exclusive fisheries zone off the Alaska peninsula.

The Coast Guard reported that the Storis had placed a prize crew aboard the Soviet ship and was preparing to tow or escort it to Kodiak.

It was the second time this month that the Coast Guard had seized a Russian fishing vessel for violation of U.S. rights. The Soviet trawler SRTM 8-413 was seized March 2 for violation of the three-mile territorial limit at Mitrofania Island, approximately 40 miles southwest of Chignik on the Alaska peninsula.

## Journal and Star Want Ads

Your low-cost Want Ad appears daily in the Lincoln Star (Morning) and the Lincoln Journal (Evening) or the Sunday Journal and Star at the following cash rates:

| Words | Lines | DAYS 1 | 4 | 7 | 10 |
|---|---|---|---|---|---|
| — 10 | 2 | .90 | 2.96 | 4.06 | 4.40 |
| 11-15 | 3 | 1.20 | 4.20 | 5.67 | 6.30 |
| 16-20 | 4 | 1.52 | 5.44 | 7.28 | 8.00 |
| 21-25 | 5 | 1.85 | 6.60 | 9.10 | 10.00 |
| 26-30 | 6 | 2.16 | 7.68 | 10.50 | 11.40 |
| 31-35 | 7 | 2.45 | 8.68 | 11.76 | 13.30 |

**FOR GREATEST ECONOMY** — start your ad for 10 times, cancel when you obtain results. You pay only the rate earned at the time of cancellation.

These low-cost rates apply to Want Ads from within the State of Nebraska which are placed for consecutive days and are paid for within 10 days after the ad expires or is canceled. Daily rate for ads from outside State of Nebraska is 49 cents per line.

Single paper rates either evening Journal or morning Star, are 93% of the combination rates. These ads would appear under "Too Late To Classify" column.

DEADLINES FOR FAMILY WANT ADS — Lincoln Journal (Evening)—Call before 10 a.m. Monday through Saturday for publication the same day. Lincoln Star (Morning)—Call before 6 p.m. Monday through Friday for publication on following day. Call before 5 p.m. Saturdays for Monday morning publication. Sunday Journal and Star—Call anytime before 1 p.m. on Saturdays for publication Sunday.

ERRORS: Advertisers should check their ad on first insertion and report any errors at once. Dial 477-8902.

ADJUSTMENTS: The company is responsible for typographical errors or misclassification only to cancel the first day's charge on that portion of an ad that may be rendered valueless by that error. All ads will be classified properly.

BLIND BOX SERVICE: There is a 50c aditional charge for this confidential service. When using a Blind Box Number, add 4 additional words to your Want Ad copy, figure the charges from the above table and add 50c for Blind Box Service Charges.

OFFICE HOURS: Daily, 8 a.m. to 6 p.m.; Saturday, 8 a.m. to 5 p.m.; Sunday, 9 a.m. to 12 noon.
